Conditions of Admission

The academic requirement for admission to the course leading to an Interim Elementary-School Teacher's Certificate in September, 1965, will be standing in,

- (iii) four additional Grade 13 papers.

The following three-hour Grade 13 examinations, if written successfully in 1965, will count as two papers: English, français, French, German, Greek, Italian, Latin, Russian and Spanish. All other Grade 13 examinations written in 1965, or previously, will count as *one* paper. An applicant may not claim credit for more than two papers for his standing in any one language. In lieu of the Grade 13 standing required, the applicant may submit evidence of successful completion of the Pre-University Year at the University of Ottawa provided that the course includes English 10 or 13, or Anglais 0422 and français 1 or 13, (or 11, 1.g) or evidence of successful completion of the Preliminary Year at the Laurentian University of Sudbury provided that the course includes English 1 and français 1.

Special provisions are made for the admission to a Teachers' College of persons with service in the Forces during the war, 1939-45. Ex-servicemen and ex-servicewomen who wish to attend the Sudbury Teachers' College or the University of Ottawa Teachers' College and who hold at least Grade 12 standing are advised to place their cases before the Registrar of the Department of Education, stating the secondary school standing held, and making clear the nature and duration of their war service.

Tuberculin Test, X-ray, Medical Examination

Before final admission to the Course, proof of freedom from active tuberculosis must be established. Arrangements for a tuberculin test, and an x-ray if necessary, will be made at the Teachers' College during the opening days of the Course.

Where during the Course the Principal recommends to the Minister that a teacher-in-training be required to undergo a further medical examination, the Minister may order a medical examination for the teacher-in-training and appoint a duly qualified medical practitioner to conduct the examination.

Where the medical practitioner certifies that the teacher-in-training is medically unfit, the Minister shall direct the Principal to notify the teacher-in-training of his exclusion.

Where an applicant is excluded, the Minister shall refund to the applicant the return coach-class railway fare or bus fare between the centre at which the Course is offered and the station nearest the applicant's place of residence in Ontario, and a sum for board and lodging at the rate of \$1 a day from the date the applicant began attendance at the Course until the date he was notified of his exclusion by the Principal.

For other requirements for admission to the Teachers' College, applicants are referred to Circular 600, *Calendar of the Teachers' Colleges*.

PROGRAMME OF STUDIES

The programme of studies at the Sudbury Teachers' College and the University of Ottawa Teachers' College shall be as follows:

Group I: Educational Psychology; School Management; English, Part I; English, Part II; French, Part I; French, Part II; Mathematics; Social Studies; Art; Music; Physical Education; Health; a minimum course in Science.

Group II: Directed observation and practice teaching in urban and rural elementary schools.

Group III: Library Methods; Religious Instruction.

Concurrently with the study of methods, there will be a review from the standpoint of pedagogy of the content of the subjects of the Primary and Junior Divisions, and of Grades 7 and 8 of the Intermediate Division. While detailed treatment of the work of the Kindergarten and of Grades 9 and 10 will not be required, attention will be directed to the place of the Kindergarten in the educational system, and to the scope and objectives of the Intermediate Division as a curriculum unit.

Directed observation and practice teaching for each student will be arranged as far as practicable to include experience in the various Divisions of the elementary school in urban and rural classrooms. Observation and practice teaching in Grades 9 and 10 will not be required.

Students who exhibit marked deficiencies in scholarship or skills, or whose practice teaching may be affected by adverse personality factors, will be organized into groups under the guidance of the staff for the purpose of planning and carrying out a programme of self-improvement.

SESSIONAL RECORDS

Sessional records will consist of the records of term examinations, oral and written class tests, and practical work. The general attitude of the student to his work, his adaptability to teaching, and the probability of his future success as a teacher will be taken into consideration in determining his sessional standing.

A student who in any examination subject obtains 66 per cent of the marks assigned to that subject on the sessional records may, on the recommendation of the staff, be exempted from the final examination in that subject.

FINAL STANDING

The final examination papers in Group I will be prepared by the staff of each Teachers' College and will be written at the end of the second term on the dates and at the hours set by the Department of Education. A copy of the examination timetable may be obtained from the Teachers' College Principals or the Deputy Minister of Education, 44 Eglinton Avenue West, Toronto 12, Ontario, after April 1st in any school year. The papers shall be as follows: Educational Psychology; School Management; English, Part I; English, Part II; French, Part I; French, Part II; Mathematics; Social Studies; Art and Music; Physical Education and Health.

The maximum number of marks for each examination subject will be 200, of which 100 will be allowed for sessional records and 100 for the final examination.

The standing of extra-mural candidates will be determined by the final written examinations. For this purpose the maximum of marks in the case of each paper will be 200.

A candidate who is otherwise qualified and who at the final examinations obtains 60 per cent of the marks in each of the examination subjects of Group I, and who obtains pass standing in practice teaching, shall, on the recommendation of the staff, be granted an Interim Elementary-School Teacher's Certificate, or an Interim Second Class Certificate, according to the course to which he has been admitted.

Candidates otherwise qualified who fail in not more than two of the examination subjects of Group I, and who pass in practice teaching, may be exempted from further attendance and may complete their standing by writing at one or more future annual examinations the final paper or papers in the subjects in which they have failed.

All other candidates who have failed to secure the necessary final standing shall be required to repeat the course by attendance at a subsequent January to June term at either the

Sudbury Teachers' College or the University of Ottawa Teachers' College, and by passing in the practice teaching and the final examinations of that term. Such students are advised, however, to repeat the entire session if possible.

APPEALS

A candidate who has passed in practice teaching but has failed in one or more examination papers may have his case reconsidered if, within two weeks after the announcement of the results, his appeal, with a statement of the grounds on which it is based, is lodged with the Deputy Minister of Education, 44 Eglinton Avenue West, Toronto 12, Ontario, accompanied by a fee of \$2.00 per paper, made payable to The Treasurer, Province of Ontario. This fee will be returned to the candidate if the appeal is sustained.

GENERAL INFORMATION

For information regarding opening and closing dates of the Teachers' College year, application for admission, board and lodging, duties of students, student organizations, etc., reference should be made to Circular 600, *Calendar of the Teachers' Colleges*.

FINANCIAL ASSISTANCE

Assistance is available in the form of loans, adequately secured, towards the cost of board and travelling expenses in the case of students who cannot reach the Sudbury Teachers' College or the University of Ottawa Teachers' College daily by ordinary means of transportation, such as street cars, buses, travel by commutation tickets on the railroad, etc. Such loans are made only to assist the student in meeting expenses for board and travelling as certified by the principal, and in no case shall exceed 70 cents per day for board. Students who have had financial aid for a professional course of one year will not be eligible to receive further loans. Loans are to be repaid to the Department of Education on the following conditions: (a) the full loan is to be repaid if the students fail to complete courses or to give service as teachers in the schools; (b) each full year of service will relieve the guarantor of the obligation to pay one-fourth of the loan, so that the loan will be cancelled completely at the end of four years of service.

Additional information regarding financial assistance may be found in Circular 600.
